Prologue

Many things go into the making of a yearbook--things like rubber cement and typewritten copy and lead pencils, and things like worry, thought, time, and energy. But the most important thing is inspiration. The 1962 "Bulldog" has had as its inspiration the student body of Gleason High School. We have attempted to answer their demands in this book.

To portray student life with the highest regard for reality--to emphasize our love and pride for the school we have attended--have been the desires of the staff which led to the creation of your 1962 "Bulldog."

Your cherishing of this book is ample reward.
