The Bulldog
Gleason High School
Volume XXXVII

The first full school year in our new building has been completed, but memories of the old school will always exist. Over the 53 years it stood, many people traveled its hallways. Battered though it may have been, it never complained. As we the Seniors of "84" graduate, we will always cherish our Alma Mater, old and new.

Reared against the arc of Heaven
Reverence and awe
Stands our noble Alma Mater
Glorious to all

Lift the chorus, speed it onward
Loud our praises cry
Hail to thee our Alma Mater

Principal's Message

The principal's job at Gleason School is to carry out with specific action the general goals of the state and local Board of Education. These goals are in part: to provide competent personnel in all areas of the school's operation, to maintain an environment in which the maximum amount of learning in specific subject areas can be realized, to help each student develop the learning skills and attitudes necessary to realize his or her life goals, to create the willingness in every student to pursue and protect the rights, privileges, and responsibilities given to each as a citizen of the local, state, national, and work community, and to develop a positive self-image.

My desire as principal of Gleason School is to achieve these important goals and still have the majority of the personnel and students like what they are doing. I sincerely hope that the Seniors will reflect these goals and feel that it has all been worth the effort. My best wishes to each one of you.

Sincerely,

A handwritten signature in cursive script that reads "Kendrick J. Willey". The signature is written in dark ink and is positioned above the printed name.

Kendrick J. Willey.

In Appreciation

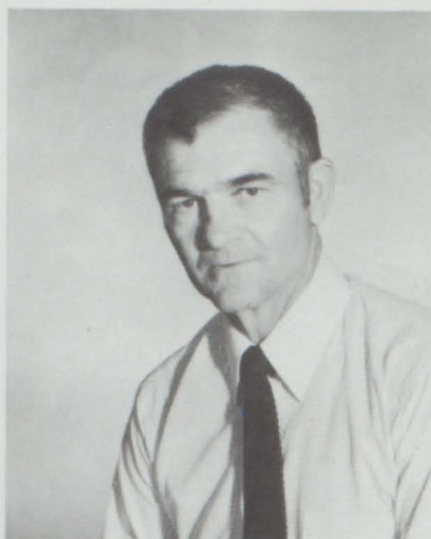

The Class of 1984 would like to take this opportunity to express our sincere appreciation to Mrs. Betty Reynolds and Mr. Edgar Floyd. Your guidance and wisdom in important matters will always be remembered by each of us. As we reflect on our high school years, our memories of G.H.S. could not be complete without memories of you as well. We, the senior class of 1984, salute you.

Science Bowl Participants '83-'84

Each November, Mr. Duffey takes approximately thirty senior high students to U.T.-Martin for Science Bowl Competition in biology, chemistry, and physical science. This past November, 578 students from 42 high schools were represented. Of the thirty-three Gleason students participating, Julia Cross, Tracy Spain and Mark Ethridge had the highest scores. Their percentile scores were 98, 95, and 92 respectively. Other students with noteworthy scores were: James Robbins, Deana Morris, Troy Belew, Denise Connell, and Cris Connell. As an entire group Gleasons' students did a little better than average which Mr. Duffey feels is very good considering most schools take only juniors and seniors
