**Mrs. Williams,**

Four years ago we stepped into your class as "babies". Although we've all had our share of heartaches and shinning moments, we are still YOUR babies. You challenged us all to be better students, good citizens, and responsible individuals. You taught us about life, love, and English (or French) in the best way for our class: you shocked us. Who could forget you telling us to check under our desks to see if they were male or female? Or when you would put a x on the floor with the date when one of us had a thought? From Day One, you have been a pillar of strength and love for us all. We thank you for all you've done and hope you realize that you are not just "A Mommy", but in our hearts, you are "The Mommy."

**Mrs. Sandy,**

To be a good sponsor it takes good organization, lots of patience, love for children, and tons of creativity. When it comes to these things, Mrs. Sandy, you're the best. From scheduling class meetings, to decorating Prom, to planning a Senior class trip, you made sure every little detail was taken care of. With your no nonsense style of decision making, you made sure that MOST of the class was happy. You have given up a lot of time to better our fund raisers. You made Coach Bennett chaperon our dances and even took time away from your family to make sure our Prom was the best ever. You have always taken up for us when we weren't happy over a decision, made sure we were given the recognition we deserve, and listened to ALL our complaints. For all of this, we say "THANK YOU" from the bottom of our hearts. You may not have a cute nickname, but you are no less special to us.

Girls State was a very fulfilling experience for me. I was assigned to Crockett City and Jackson County. I was elected city attorney, district attorney, and State Representative. I will cherish the friendships I made and the opportunity to have met Bob Dole.

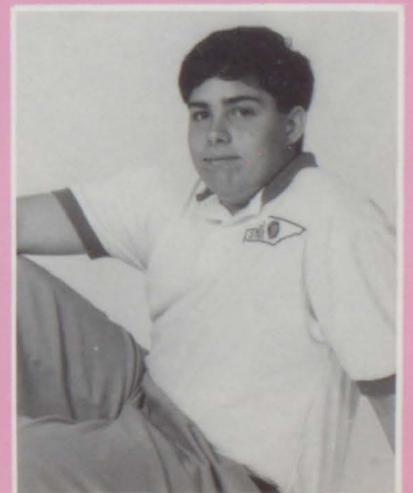

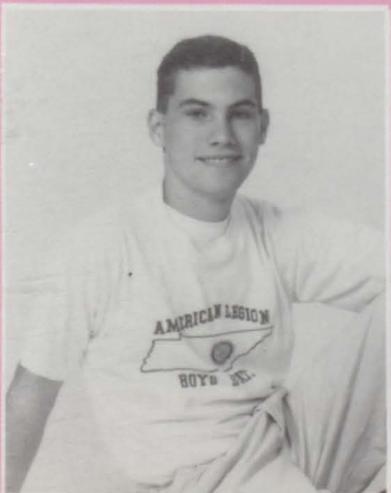

I would like to thank the America Legion for giving me this honor.

Josh Cooper

Evan Trevathan

I served as a State Representative for Freedman City of Looney County. I just want to tell future boys state delegates that this is one of the best experiences that you can possibly have. I would like to thank the American Legion for allowing me to attend such a valuable experience.

Boys State was a lifelong and valuable experience. While attending boys state I was in Griffin City of Massey County. I served as fire chief of my city, and had one guy as my assistant. I would like to thank the American Legion for sponsoring me in this event.

## Leila Gail Jarrett

Words are cheap, and good examples are few; yet more can be gained from examples than by words. Thanks for the honor of being chosen for the DAR Good Citizen Award. It has made me more aware of the importance of being a good example. When under scrutiny, I trust my standards will reflect my true character.

## Scope

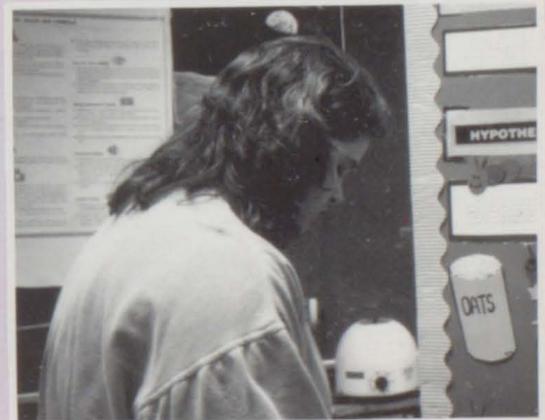

## Allison Jane Jones

At Student Congress on Policies in Education, I was involved in creating policies addressing the standard of education in Tennessee schools. Along with other Tennessee students, I learned about the process of passing a new policy through the board of education and how faults in policies are addressed. By participating in this and other simulations at the National Youth Leaders conference in Washington, D.C., I've learned the importance of democracy and the significance of each person's role from leader to citizen.

# GHS Homecoming

**W**hat homecoming really means to GHS ... Homecoming 1996 was a week to remember from the wild events in activity period to the night of the football game. Throughout the week, each student had a chance to participate in each dress-up day. Monday was Pajama Day, Tuesday Hippie Day, Wednesday, Twin Day, Thursday Class Day, and finally the day we have been waiting for Friday, Orange and Black Day. During first hour teachers counted the students to see how many dressed up in each class.

Friday was jam packed with the royalty platform to be built, fences to be decorated, and the exciting cheerleading routine. As the pep rally ended the sophomores were announced as the winners. As the final points were tallied up, the seniors prevailed and won overall activities

for the week.

Even though there was a bite of cold in the air Friday, the evening's festivities were perfect. The cheerleaders cheered with great spirit and pride, the royalty shined with elegance, and the football players played an outstanding game. We all would like to send a special "Thank You" to Mrs. Gearin and the Student Council for such a successful week.

# Science Club

The Gleason High School Science Club invites speakers to talk to students about careers in science. It sponsors the annual Gleason High School Science Fair. The Science Club takes a trip to Huntsville, Alabama to the Space Center biannually. The group visits Reelfoot Lake each year to view the bald eagles. This year members of the club participated in the annual Soybean Festival. Presentations were given for area students who visited the festival.

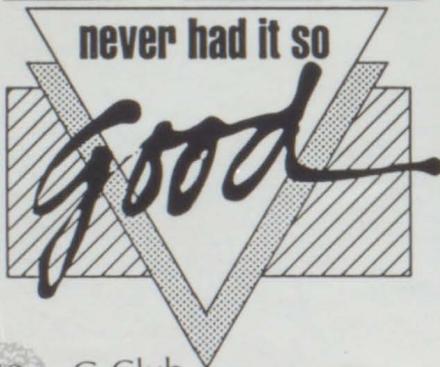

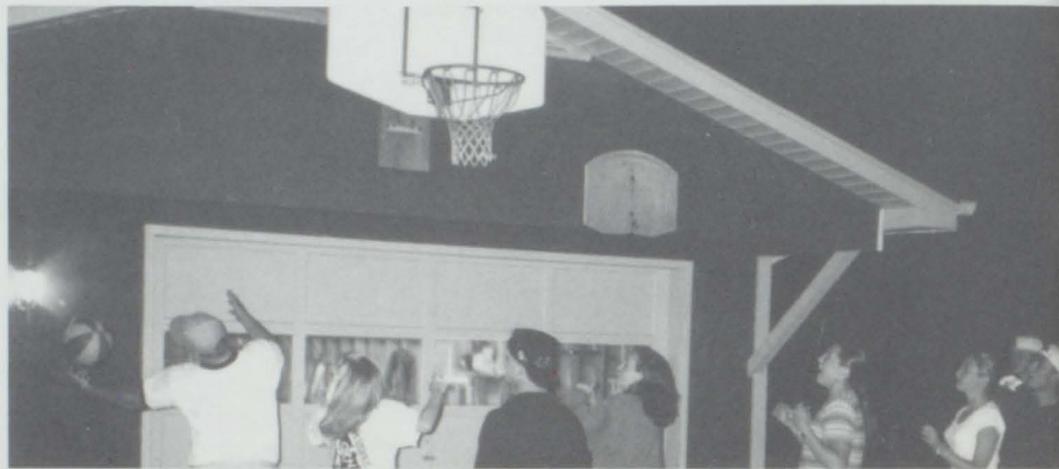

# Student Council

Geason High School Student Council devotes its time to organizing school activities and implementing service projects. Weeks of tedious planning and preparation (along with after-school trips to Wal-Mart) culminate in the fun-filled days of Homecoming. Christmas brings the hustle and bustle of decorating the school tree, serving at the Senior Citizens' Dinner and sponsoring a needy family. Before you know it, Valentine's Day has arrived and so have the Compatability Match-ups sponsored by the council. In April, speeches are presented and elections are held for the upcoming year. Newly elected officers work with outgoing officers to organize the last event of the school year — Field Day! Sounds like a lot of work, worry, and tension? Yes, it's all these along with the disappointment when things go wrong. However, pride prevails when a plan comes together. At any rate, Student Council members emerge with leadership skills that will last a lifetime. More over, making school-day memories is a job that's too good to pass up!

# G-Club

As a club of athletes, the G-Club has many dedicated members. From road blocks to benefit suppers to a booth at the Tatertown Special, members are always willing to reach out into the community. When Homecoming arrives, G-Club members can be found doing almost anything. Toward the end of the year when initiation rolls around, members may pay high prices for new inductees and a few days of service. To end the eventful year, members spend a day at the park for the traditional G-Club picnic doing what we like best — playing ball! As true athletes, members meet the responsibility of promoting good sportsmanship. The rewards of wearing the orange and black with pride are great!

# Fellowship Of Christian Athletes

The FCA is a national organization with high school, college, and adult huddles. It is made up of athletes, managers, and cheerleaders who wish to share their Christianity. Our huddle meets once a month at school and once a month at someone's house. In addition to having inspirational speeches and topics for discussion, we also have morning devotional, recreation activities, and community service projects. Our membership is usually 30+ students.

# Future Homemakers Of America

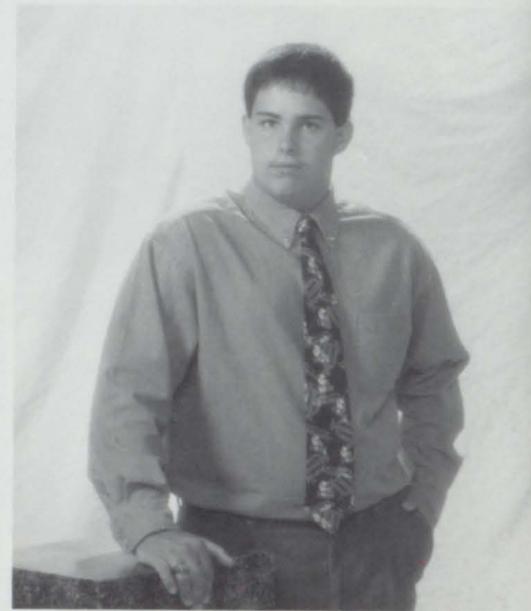

The mission of the Future Homemakers of America is to promote personal growth and leadership development through home economics education. FHA is one of the largest national vocational student organizations and the only in-school student organization with the family as its central focus. This year's chapter activities include participating in STAR events, fall leadership meetings, state meetings, and many hours of community service projects.

# All-American Cheerleader

## Tori Smyth

On June 18, 1996, Tori Smyth became the first All-American cheerleader ever at Gleason. "That was the best part of this honor. Cheerleading means so much to me that it's nice to know I've made my mark on it." Tori found out that as an All-American, she had the opportunity to travel to either Florida to perform at the Citrus Bowl or Hawaii to cheer at the Aloha Bowl. Needless to say, she chose Hawaii. So on December 20, Tori bid farewell to her family then boarded a plane in Memphis. She landed a few hours later in Dallas/Fort Worth. "We were supposed to have an hour layover but the plane broke down so the layover stretched to nine hours." Finally, she landed in Hawaii at 2 a.m. "Every day we practiced for 4 hours starting 8 o'clock in the morning. Then we had afternoons to sightsee. But on two days, we had a practice at night. We didn't mind because the practices were fun." On Christmas Day, Tori and the other 500 performers took the field at Aloha Stadium and performed their ten minute routine for the crowd. "People look so amazed at how many cheerleaders were there." Tori also did a lot of sightseeing. "I went to the International Market Place, saw Diamond Head and Pearl Harbor, met the players from California and Navy, and went to a real luau. Tori met people from all over the U.S. and even some from Japan. "I will always remember the things I saw and did, and the friends I made."

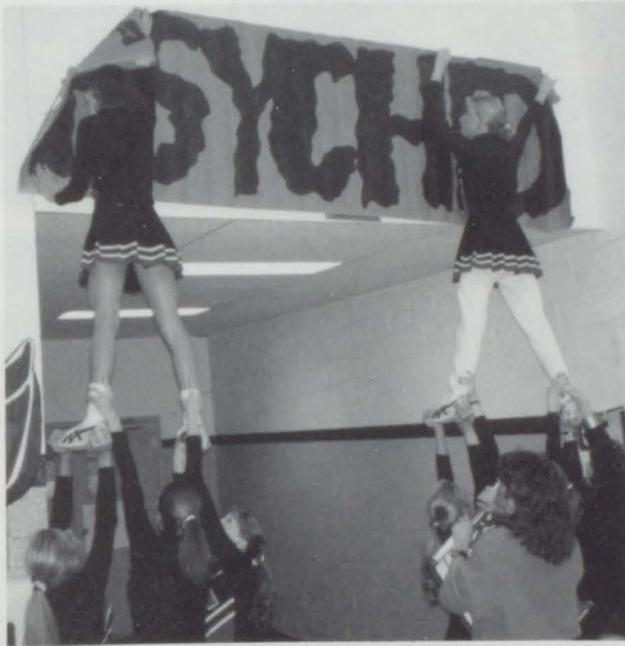

Seniors *Nikki Spain* and *Tori Smyth* talk about their funniest moments as Gleason High cheerleaders on Senior Night.

▲ The girls get a little crazy and wild whenever they aren't cheering.

▶ The girls doing what they are known best for — hanging signs. Sponsor *Kay Hudson* looks on nervously, as usual.

▼ The squad displays their beautiful smiles on Homecoming night. The hard work comes at half-time.

*Nikki, Ashley, and Allison* prepare to catch *Tori* as she falls from the sky.

# Tee It Up

The 1996 Gleason High School Golf Team came into the season with a new look. Gone were four seniors including All-State Willie Trevathan. With only one player returning from last year the team was to go through several growing pains. Freshmen Andy McElhiney, Josh Carey, and Seth Gearin joined Sophomore Josh McCain to make up the 1996 Squad. Coach Mitchell Parham said, "The team worked very hard and made considerable improvements during the year which would help them to be more competitive next season in a very tough district." The team would also like to thank Eddie Trevathan for working with each on an individual basis.

# GJHS Homecoming

Getting ready for homecoming was fun! We kick off the week by jumping out of bed and coming straight to school on Pajama Day. Tuesday is Hippie Day. Wednesday is Graffiti Day. Thursday is Orange and Black Day. Everyone dresses in orange and black to support our school. On game night, Sara Morris is crowned homecoming queen. The Bulldogs fight hard but are defeated.

▲ Say cheese ... Queen, Sara Morris, Flower Girl, Chelsey Morris, and Crown Bearer, Taylor Spain keep on smiling while the game starts.

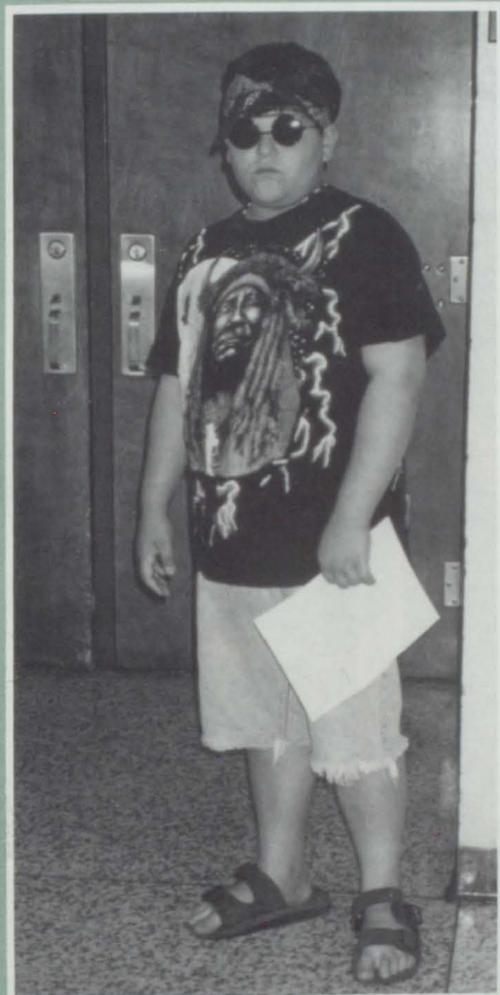

▲ Newlyweds? ... Not! Haley Hudson, Jill Brawner, and Lisa Powell give the guys a taste of girl power.

▲ The chosen ones! Cody Muzzall, Tommy Pope, and Edgar Longworth are in shock to find out that girls are more complicated than they thought!

For all your hard work and dedication to making this the most memorable yearbook ever, the staff says

Thank You!

# 1997 Bulldog Editors

## Stephanie Sheridan

Being a yearbook editor, I have gained three important skills; cooperation, patience, and dedication. I have learned to meet most of my deadlines and to crop a straight picture. I have worked with the best partner anyone could ever have; Tori Smyth. The 1997 Bulldog should be something brand new for all of Gleason. Hope you like it!

## Tori Smyth

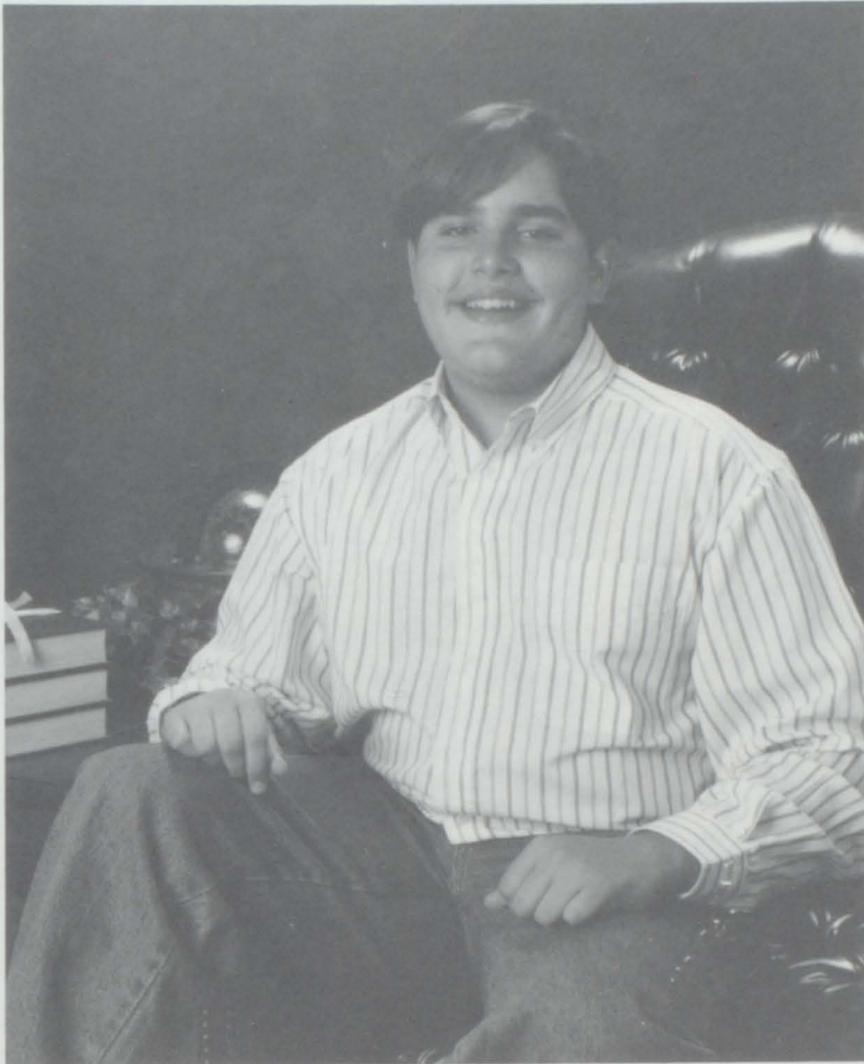

Tradition. A word used often at our school to describe most everything. This year's Bulldog staff decided to break tradition and make a new, more exciting annual. It wasn't easy but the dedication has been an inspiration to me. I would like to thank the staff for putting up with me and for all their hard work; Mrs. Bev for all the extra hours she spent trying to make this yearbook perfect; Steph for being such a great partner and friend; and most importantly, the students of Gleason School for trusting us to collect everything that happens during the year. I hope you will remember this yearbook as the one that finally made your life a little more than just black and white.

# Class Of 1997

"Andre has brought 'life' to our class and school. He has made our class much more interesting. He is talkative, friendly, energetic, and has challenged me as a teacher."  
--Mrs. Molt

"Andre is enlightening and impressionable. He really mastered the English language and its customs in more ways than one."  
--Mrs. Williams
